### GBA opening new opportunities for health innovations

The Government has announced on development of a health technology hub to leverage the market potential of the Guangdong-Hong Kong-Macau Greater Bay Area (GBA). It confirms Hong Kong's value as a key connector between China and the world as its efforts to attract investments to develop the city into a global hub for health care R&D.

It is amazing to see a thriving biotech industry supported under the Central Government policies. The market value of China's newly listed biopharmaceutical innovation enterprises soared from US \$3 billion in 2016 to more than US \$380 billion in mid-2021. Guangdong based 2,000 pharmaceutical enterprises and 150,000 medical device companies are ranking at the forefront of mainland.

With economic prosperity and longevity of GBA cities, there is a continuing demand for high-quality healthcare services, particularly in areas such as elder care, chronic disease management, advanced diagnostics and medical tourism. With a much larger base population of over 80 million, it opens new door not only for clinical trials, but also for the commercialization of new tests and treatments. Hong Kong is equipped the advantage of a well-organized health system aiming for better population health, together with the resource of world class talents for R&D, an open community for East and West as well as geographically located in the GBA network. They are all synergistic in that Hong Kong can live up to its reputation and truly become the significant healthcare hub in years to come.

Today's theme, Innovations in Health Care Service Delivery, deserves our attention to this important topic. We are grateful to our invited renowned speakers from the policy maker, academia, entrepreneur and educator to share their visions and experience at GBA.

## 香港醫務行政學院院長致歡迎辭

**會長 劉少懷 MH**

政府宣佈發展健康科技中心，以發揮粵港澳大灣區 (GBA) 的市場潛力。隨著香港努力吸引投資將其發展成為全球醫療保健研發中心，它證實了香港作為祖國與世界之間的重要紐帶的價值。

在中央政府政策的支持下生物技術產業蓬勃發展，令人驚歎的是中國新上市生物製藥創新企業市值從2016年的30億美元飆升至2021年的3,800億美元以上。廣東有2,000家醫藥企業和15萬家醫療器械企業，位居內地前列。

隨著大灣區城市的經濟繁榮和人口長壽，對高品質醫療服務的需求持續增長，特別是在老年護理、慢性病管理、先進診斷和醫療旅遊等領域。其基礎人口超過8,000萬，不僅為臨床試驗打開了新的大門，也為新測試和治療的商業化打開了新的機遇。香港擁有完善的醫療體系、世界一流的研發人才資源、面向東西方的開放社會以及地處大灣區網路中心的優勢，旨在改善人口健康。它們都具有協同作用，使香港能夠不辜負其聲譽，並在未來幾年真正成為重要的國際醫療保健中心。

今天的主題是《醫療創新服務發展》，這一重要話題值得我們關注。我們榮幸邀請到來自政策制定者、學術界、企業家和教育家的知名演講者分享他們的GBA願景和經驗。

MESSAGE FROM CONVENOR  
OF  
ORGANIZING COMMITTEE

## MESSAGE FROM CONVENOR OF ORGANIZING COMMITTEE

Dr SIT Tin Yan Cecilia

It is with immense pleasure and gratitude that I welcome you all to the Annual Conference cum Annual Dinner of 2023 hosted by the Hong Kong College of Health Services Executives. We are delighted to have you join us in exploring today's theme, "Innovation in Health Service Delivery" and we hope you will gain valuable insights and forge lasting connections during this event.

Innovation in health service delivery has become a crucial element in the rapidly evolving landscape of healthcare. As the world confronts the challenges posed by an aging population, the rise of chronic diseases, and increasing healthcare costs, there is an urgent need to reengineer and transform the way healthcare services are provided. This transformation can only be achieved through focusing on enhancing patient-centered care, improving access to quality services and ensuring the sustainability of healthcare systems. With the rapidly expanding opportunity in collaboration and integration with health care organizations in the Greater Bay Area, we hope to start the engines in facilitating healthcare delivery on either side of the border. This collaboration will not only improve access to quality services but also foster innovation and knowledge sharing amongst healthcare professionals across the region. With this in mind, we have gathered distinguished speakers, panelists and participants from a diverse background to share their experiences and insights on the theme today.

I would like to take this moment to thank the Organizing Committee for their tireless efforts in putting together this remarkable event. Their dedication and commitment have been instrumental in making this gathering a reality. Moreover, I am thrilled to congratulate and welcome our new fellows who have demonstrated exceptional dedication in developing their management competency in healthcare services. Your achievements are truly inspiring and we are proud to have you join our esteemed community of health services executives.

As the evening progresses, please take the opportunity to engage in stimulating conversations, share ideas, and build lasting connections with fellow participants. We hope you will leave this event feeling inspired and motivated to drive innovation in healthcare services. Once again, welcome to the Annual Conference cum Annual Dinner of 2023 by the Hong Kong College of Health Services Executives. We are truly honored to have you with us and we look forward to an enlightening and enjoyable evening.

## 大會籌備委員會召集人致辭

薛天恩博士

歡迎大家參加香港醫務行政學院2023年周年會議暨週年晚宴。我們很高興您能與我們一起探討《醫療創新服務發展》的主題。

醫療服務創新已成為醫療服務領域中快速發展的一個關鍵要素。當世界面臨人口老化、慢性疾病的增加和醫療保健成本上升等挑戰時，我們迫切需要重新設計和轉變醫療服務的方式。只有通過加強以病人為中心的護理、改善獲取高質素醫療服務的途徑，以及確保醫療保健系統的可持續性，才能實現這種轉變。有了加深與大灣區醫療機構合作和整合的機會，我們將促進醫療服務的交流和合作。這種合作不僅可以確保高質素的醫療服務，還可以促進區域內醫療服務專業人士之間的創新和知識分享。今天，我們邀請了來自不同背景的傑出人士，分享他們的經驗和見解。

我想借此機會衷心感謝大會籌備委員會委員在籌備本次活動的不懈努力，他們的奉獻對本次活動至關重要。此外，我衷心祝賀和歡迎我們的新成員，他們在醫療服務管理方面展現了卓越的才能和專業素質，我們很榮幸您能加入我們。

再次歡迎大家參加醫務行政學院2023年周年會議暨週年晚宴。我們非常榮幸您能與我們在一起，並期待您度過充滿啟發性和愉快的一天。
